BCNA recommends the following websites as reliable and safe places to find information about breast cancer. Some are Australian sites and others are international. Keep in mind that some information on international websites may not be relevant in Australia, for example information relating to health fund entitlements.

It is also important to remember that not all of the information will be relevant to you or your specific breast cancer diagnosis. If you have any questions about what you read, you can call BCNA’s Helpline on 1800 500 258 or talk to a member of your treating team.

**Australian websites**

Westmead Breast Cancer Institute (BCI)  bci.org.au
The Westmead Breast Cancer Institute, located at the Westmead Hospital (NSW), is a service that provides screening and treatment for women diagnosed with breast cancer. The organisation has a series of helpful fact sheets on breast cancer topics.

Breast Cancer Care WA  breastcancer.org.au
Breast Cancer Care WA is a not-for-profit organisation that provides support and information to people in Western Australia affected by breast cancer.

CanTeen  canteen.org.au
CanTeen supports young people aged 12–25 years who have either been diagnosed with cancer themselves or who have a parent, caregiver or sibling who has been diagnosed with cancer.

Australian Department of Human Services
The Department of Human Services website is the entry point for information about Medicare and Centrelink.

my.gov.au
You can access all Australian Government services, including the Department of Human Services, through the my.gov.au portal. Alternately, you can access services individually through the individual websites below.

humanservices.gov.au/centrelink
Centrelink provides information about Federal Government payments and services that you and your family may be eligible for following a breast cancer diagnosis.

humanservices.gov.au/medicare
Medicare provides information about payments and services for health care and medicines that are available from the Federal Government.

humanservices.gov.au
The Department of Human Services website has a ‘Payment and Service Finder’ that will help you find the payments you may be eligible for based on your situation. Search for ‘payment finder’ on the homepage.

moneysmart.gov.au
Centrelink recommends the MoneySmart website, which has a section on financial advice related to looking after yourself and your finances when dealing with various life events, including illness.

Flinders University Work after Cancer website  workaftercancer.com.au
The Work after Cancer website provides advice to people diagnosed with cancer, their partners and family members, clinicians, and employers about their options, rights and responsibilities.
